RESULT OF THE CAUCUS CALLED BY HIM.

OF THE 138 VOTES CAST, 119 PAYOR BIS ELECTION -EIGHTEEN SHORT OF A MAJORITY OF THE COMMITTEE.

It was expected by many that the meeting of the members of the Republican County Committee, called by the temporary chairman, John J. O'Brien, to meet last night in Madison Square Hall, No. 948 Broadway, to name their choice for permanent chairman of the committee, would be a stormy one. The caucus at the Everett House showed that there was a strong opposition to Mr. O'Brien. At that caucus Marvelle W. Cooper was named for permanent chairman. Some feeling was caused by the fact that representatives from nine only of the twenty-four Assem-bly Districts were invited to be present at that cancus. However, invitations were sent to every member of the County Committee to be present at the meeting last evening. The roll-call showed that 146 members had availed themselves of the privilege. All of the well-known adherents of Mr. O'Brien were there. They included Justice Jacob M. Patterson, Colonel Charles S. Spencer, Colonel John W. Marshall, Captain Michael Cregan, Aldermen Finck, Miller and Pearson, Robert G. McCord, Frank Raymond. George Hilliard, William H. Townley, Morris Friedsam, John R. Lydecker, Police Commissioner Joel W. Mason, ex Alderman John McClave, George W. Blunt, Joseph P. Jardine, C. Voluey King, Samnel G. Burns, Dr. Maurice B. Early, John H. Brady, John Simpson, ex-Senator Ferdinand Eidman, Colonel Ethan Allen, William H. Ten Eyck, John C. Limbeck, General Denis F. Burke, George E. Deane, John E. Brodsky, and Richard M. Lush. The more conspicuous opponents of Mr. O'Brien

were Emigration Commissioner Edmund Stephen-son, Frederick W. Whitridge, Charles P. Miller, Henry L. Sprague, Henry C. Perley, Leonard Hazletine, J. L. N. Hunt and Joseph H. Meredith. Among those present not members of the committee were Bernard Biglin, John W. Jacobus and Dwight Lawrence. The good-natured face of Police Inspector Thorne also beamed upon the assembly from a front seat.

THE MEETING CALLED TO ORDER. Shortly after 8 o'clock Mr. O'Brien called the

meeting to order. He said:

Gentlemen: I have taken it upon myself as temporary charman a call this camens. In issuing the call I have thavited every member of the Republican County Committee for 1884. I only desire to say that so far as I am myself concerned, I am at all times, as I have been in the past, ready to abide by any decision made by any Republican conference, I applantse, I only hope to night, so far as my own name may be used to this connection, that any remieman who has a friendship for me will refinal from making any reads that already extends a bires h, or to when may be used to the connection of the meeting dealers. I mow nominate as challengar of the meeting Joel W. Mason, [Applantse,] meeting to order. He said:

Mr. Mason, on taking the chair, merely expressed his thanks and suggested the nomination of a secretary. F. C. Lee, of the XVth District, nominated corge F. Heoper, of the XVth District. Colonel Spencer then nominated John W. Marshall, of the XIII in District, as an additional secretary, and both gentlemen were unanimously elected.

Colonel Spencer then moved that the roll be called in order that it might be known definitely who were

He added that if any such thing occurred he should move that the guilty person or persons be ejected from the room. He thought it might be well to appoint a sergeant-at-arms and Colonel Spencer proposed the name of James Nodine, who was elected. A CAUCUS OR NOT?

The roll-call was then proceeded with, and 146 members responded to their names. Upon its consinsion the chairman stated the object of the meeting to be the agreement upon names of persons to be recommended for permanent officers of the County Committee. Leonard Hazletine, of the XXIst District, then rose and said:

I desire to ask whether this is a caucus by which those taking part in it shall be bound, or whether it is an adjudined meeting of the County Committee? I received as invinction to attend a meeting of the delegates of the County Committee, in which it was stated that every member was toytied. I have a sense of bonor which leads the to believe that, having come into a caucus and having been vised down. I must be bound by the action of the rance.

There is only one other gentleman present from my district, and in ler the circumstances I should not feel positively a straight of the caucus with-cut consultation with my district colleagues.

AN INFORMAL VOTE ORDERED.

Colonel Spencer said that parliamentary law and personal honor recognized what gentlemen are ound to when they participate in a cancus. He came under a belief that it was a caucus. He moved that the roll be called informally and that each one should name his preference for Chairman of the County Committee, and then if after that expression of opinion gentlemen did not see fit to remain he would consider them as bound in honor to go out. He did not refer to his handsome friend in front of him (billiott F. Shepard). He hoped he would remain. [Laughter and applause.] Henry L. Sprague thought the difficulty could be calling it a conference, and asked for

Mr. Hunt insisted that the call did not say that all the delegates had been invited, but only "delegates had been invited,"
The chairman answered that he knew nothing beyond what Mr. O'Brien had said when he stated that he had caused a notice to be sont to every delegate. He asked Mr. O'Brien if he was correct in his understanding and Mr. O'Brien if he was correct in his understanding and Mr. O'Brien if he was correct in his understanding should be a state of the can settle it elsewhere. The Chairman—If there is any one who has been insulted, he can settle it elsewhere. There must be order there.

When quiet was restored Mr. Whiteridge continued:

Lead that the class of persons to whom Mr. O'Brien. Colonel Spencer's motion being put it was carried on vive voce vote.

MR. SPEAGUE'S OFPOSITION TO O'BRIEN.

The \hat{e} all was then proceeded with. When the name of Henry L. Sprague, of the XIIIth District, was ralled he asked to be excused promoting. He said:

Personally my relations with Mr. O'Brien have always been pleasant. He has always treated me like a genticanan and if I were to express my personal feelings I would not vote against him. But considering the fact that a said majority of the committee is opposed to him, and the fact that we are entering upon a freeddental campaign the issue of which is very doubtful. I think we are committing saided to take any man around whom we cannot all join in enthusiastic support. As politicians, you know as well as I know, that we cannot enter this catapaign haddeapped. A large number of men who help by influence and anony are not present. Is this not a protest against what we are to see done here to-night? If we enter upon the campaign with Mr. O'Brien as the head of the committee a large number of the Republicans. It his city will consider it a retrograde step and will not dive us their much-needed support. The strong Republican districts in this city are the ones not represented in this neeting.

Several volces—It is their own fault.

Mr. Sprague.—You may say it is their own fault, but why is it their own fault! Because they do not wish Mr. O'Brien as chairman of this committee.

Cries of "Call the roll" here interupted the speaker, when the chairman sternly announced that called be asked to be excused promoting. He said:

speaker, when the chairman sternly announced that Mr. sprague had the floor, and would keep it until he was through.

Mr. Sprague (continuing)-We have to recognize the fact that these gentlemen have principles even though they have prejudices and the Republican party has prin-ciples. I shall withdraw my excuse for not voting and vote for Mr. Cooper, belleving that he represents that vote for Mr. Cooper, believing that he represents that portion of the party which Mr. O'Brien does not.

WHY MR. M'CLAVE SUPPORTS HIM. When the name of John McClave, of the XVIIth

District, was reached he asked to be excused from voting, and said :

The question of the choice of permanent chairman has been widely discussed. I was rejoiced when I saw in the notice I received of this meeting, that all the delegates had been invited. I attended the cancus at the Everett House, but when I recognized the fact that but nine out of the twenty-four Assembly Districts in the city were invited to take part in that conference, it seemed to me like a direct insuit to the members of the fifteen districts that had not been invited. I do not believe, with the gentleman from the XIIIth District (Mr. Sprague), that if John J. O'Brion is selected we will go into the campaign handicapped. George W. Hamilton, of the XIXth District, said that it had been intimated that if Mr. O'Brien was elected it would cause moneyed men to button up their pockets. The party wanted workers. The papers that were strongest in their opposition to Mr. O'Brien were subsidized by British capital. [Laughter and applause.] "This campaign," he said, "is going to be brought on the tariff issue, and if we are to have free trade leaders we are going to be dumped." [Laughter and applause.] He said he had been quoted as in favor of Mr. Cooper, but he would withdraw his excuse and vote for O'Brien. [Applause.]

Just as the call of the XXIst District was being begun, Charles G. Cronin, of the XIXth District, shouted in a shrill voice from the crowd about the door, demanding the attention of the chairman. The chairman calmly asked what the gentleman wanted at this stage of the proceedings, "What I want at this stage of the proceedings, was the answer, "is that you turn to the XIXth District for the purpose of having those persons recorded who have not answered to their names." Mr. Cronin, whose sudden appearance, impetuous manner and peculiar voice had excited great merriment, was informed that his wish would be gratified at a later stage of the proceedings.

MR. HAZELTINE'S POSTION.

MR. HAZELTINE'S POSTION. Leonard Hazeltine, of the XXIst, was the next to ask to be excused from voting. He thought that the meeting wasn't sufficiently strong in numbers to warrant the action which was pending. He commended Mr. O'Brien and his work in behalf of the party, and, having no acquaintance with him, he did not oppose him on personal grounds. He had hoped that a personal grounds. He had hoped that a compromise candidate would have been named and that both Mr. O'Brien and Mr. Cooper would withdraw. The position of chairman was a purely ornamental one: the work being really done in the districts. He theught that one member from each Assembly District should be appointed, and that they should have a can-us and see if they could not a recupon a candidate who would properly represent the committee. In the absence of any compromise candidate he would vote for Mr. Cooper.

Edmand Stephenson, who was chairman of the cancens at the Everett House, also scoke kindly of Mr. O'Brien, and likewise expressed the hope that he would withdraw in the interest of harmony. There were men present, he said, who had really voted for Mr. O'Brien against their will, because of favors they had received from him in the past, and they would be ingrates if they did not. Mr. Cooper was not his candidate at the Everett House. He wanted a man who was a war horse, like John D. Lawson. He, however, voted for Mr. Cooper.

THE RESULT OF THE VOTE. Isnae Fromuse, of the XXIId, favored Mr. O'Brien a a brief speech, as did also Charles G. Cronin in the second call of the XIXth. After the names of those who had not responded on the first call had been recorded the vote was aunounced as follows: For John J. O'Brien.... 110 | For George B. Deane... 2 For Marvelle W. Cooper 14 | For William Dowd..... 3

After the vote had been announced Colonel Spencer said: A large majority of those present have expressed a reges for John J. O'Srien, I now move that Mr. be made the candidate of this meeting for chair-of the County Committee.

Mr. Perley of the XXth District, said: I find that 154 members, a large unjority of the committee, are either absent or not voting for Mr. o'Brien If the object of this meeting was to get an expression of opinion from all the members it has not been accomplished. It is evident that a majority have not expressed their preference for Mr. O'Brien. I move that the meeting now adjourn.

Opposing cries greeted this motion, and when it was put by the chairman it was voted down almost

Mr. Stephenson then said: been voted down, I must be bound by the action of the rancus. There is only one other gentieman present from my district, and an her the circumstances I should not food justified in sitting as a member of this caucus without consultation with my district colearnes.

AN INFORMAL VOTE ORDERED.

Mr. Stephenson then said:

I understand the notion of Chelenel Spencer to be that the meeting recommend Mr. O'Brien for chairman, and the question has been raised as to whether that action limits all who are present. I attended another camens at which fewer were present, and it was then stated that no person who attended it would be bound by the action of the bound by the action of the country committee.

There is no conceivable reason for feeling sensitive on that point. There is no obligation in law or politics that imposes any such thank on anybody. And at this point I think it is time to tell the whole truth plainly. I belong to the Republican party for one thing because it saves me the annyance of belonging to a simple party; but in the last few years I have seen occisions on which to don't whother I had been saved from that annot ance. In 1879 the party did a stuped think; in 1882 it did a very stupid think, and how it seems to me that if about to do a most simple think. No one can deny, wanther there is cause for it or not, that Mr. O'Brien does not command the confidence of a materity of the Republican voters of this city.

Colonel Spencer—I deny it for one.

Mr. Writridge—I think I may say that there is no one but Colonel spencer who cannot see that Mr. O'Brien does not command the confidence or respect of the test part of the party. I will go even further and say that I think thet want of confidence is tustified. He belongs to a class of jersons who are objectionable persons.

COOPER'S SUPPORTERS LEAVE THE ROOM. Martin Kavanagh, of the Ild District, made a speech in favor of Mr. O'Brien. Then Leonard Hazeltine said:

I simply wish to enter my protest against the pe of this resolution, because if I remained and voted I understand that I might be thought bound to vote for the candidate mentioned. There was an understanding that the first expression of opinion did not bind any one, but if I should remain I might feel that in honor I should support the candidate of the meeting. I therefore refire from the room and as a others who voted for Mr. Cooper to the terms. to do the same.

Mr. spencer—That is a question between each man and do own conscience.
Mr. Miller—That is the way I look at it. I have heard Mr. Miller-That is the way I look at it. I have heard Mr. Miller-That is the way I look at it. I have heard what has been said on both sides at this meeting, and I cannot but say, as to the action of the misfortune for the party, that I believe it would be a misfortune for the party to have Mr. O'Brien elected as chairman. I field this for the most part for the reasons given by Mr. Whitnidge. Mr. O'Brien will not have the support of a darge part of the party. He will not have the support of a decent paper in this city. [Cries of "Yes he will."] The Republican party in the past has given decided expression to its opinions in this regard, and the best part of the party is opposed to Mr. O'Brien.

The motion of Colonel Spencer, naming Mr. O'Brien as the candidate of the meeting, was then adopted, with a few dissenting voices.

On motion of Colonel Spencer, Joel W. Mason was requested to present the name of Mr. O'Brien for chairman of the meeting of the committee. The meeting was then adjourned.

HOBOKEN'S COMMON COUNCIL ALARMED. JOHN M'MAHON ABSENT FOR TWELVE DAYS AND HIS SAFE LOCKED.

A rumor which was circulated in Hoboken yesterday that Collector John McMahon had absconded created excitement. McMahon was the collector of taxes and assessments, and he had an office in the City Hall. He has not been in his office and his wife and family have not seen him for twelve days. Opinion is divided as to whether he is a defaulter, and it was impossible last night to determine that question. All his books and papers are locked in the safe in his office, and no one except himself and his son William, who is his only sistant, has the combination of the lock. Young McMahon also disappeared yesterday,

Mayor Timken has known of the collector's absence for some days, but he took no action until yesterday, when he placed Assistant City Clerk Phillip Kirschner in charge of the office and summoned the Common Council to a special meeting last night. When the Council met a communication was received from Mayor Timken amounting the collector's unexplained absence, and suggesting the propriety of appointing a committee and an expert to examine his books and accounts. The Council acted on the Mayor's suggestion, and Councilmen Crane, Kenny, Grassman, Winges and Lee were appointed with power to employ an expert. It was also determined unless William McMahon brings asyum. the key of the collector's safe this morning an expert will be employed to open it. The city officials were reluctant to express any opinion in the matter.

Mayor Timken's suspicions were first excited the discovery that the record of e sales of property for the non-payment of taxes had been crossed out in red ink. He questioned City Clerk McDermott about it and the latter informed him that the sales had been made and he knew of no reason why the record of them should have been crased. The Mayor then made a cursory examination and ascertained that the taxes on the property to question had been paid, but that the money had not been turned over to the City Treasurer. Some of them were paid in 1882 and some in 1883. Further investigation disclosed the fact that McMahon had not returned any of his collections to the treasurer since February 14, when he gave that official his check for \$14,900. The only other payments that have been made to the treasurer since that time were \$2,686 by McMahou's son, which made his father's balance in bank \$2,696, and that they would resist. \$1,200 which was deposited by young McMahom after the Mayor questioned him yesterday morning about his father's absence.
City Treasurer liente says that Collector McMahon's returns to him this year have about equalled those of last year. The tax bills are sent out in the early part of November and the greater part of the taxes are collected before December 20, when a penalty is added to those which have not been paid. Since November 10 the collector has turned over to the treasurer about \$250,000. This is \$120,000 less than the total amount of the tax levy, which is about \$400,000. City Clerk McDermott corroborated Treasurer Bente's statement that the collector's returns compared favorably with those of last year; but any statement that may be made about the absent collector's affairs is a surmise. It is held to be a significant circumstance that two of the collector's bondsmen, who are his intimate personal friends, have sold their property within a few weeks. The amount of the collector's bonds is \$70,000, and if there should be any deficiency his bondsmen are entirely responsible.

The Common Council reassembled last night and adopted a resolution directing Collector McMahon to appear before the Council on Tuesday, and show cause why he should not be removed for neglect of

THE TROUBLE IN DR. NEWMAN'S CHURCH.

F. E. Barnes, clerk of the Madison Avenue Congregational Church, yesterday received letters of acceptance to participate in the Council to be held on March 10, from the Rev. S. H. Virgin, of the Pilgrim Church, Harlem, and the Rev. A. P. Foster, of the First Congregational Church, Jersey City. In speaking of the matter last evening, James H. Seymour, the treasurer, said:

I am not prepared to state how the decision of the council will be regarded by our party. It is hoped, however, that a way out of our present difficulties will be found. The council will doubless endeavor to concillate both parties. I am certait that if this trouble had been postponed until later in the year every dollar of the both parties. I am certain that if this trouble had been postponed until later in the year every follar of the floating disk would have been paid off. Even now there is no difficulty whatever in raising what money is needed to pay the expenses of the church.

In May last The New York Threene estimated the wheat yield of 1883 in this country to be 420,000,000 bushels. The wheat has now been measured and the yield officially reported to be 420,154,500 bushels. As a guesser The Threene knocks Vennor higher than The Threene The Threene knocks Vennor higher than The Threene The Threene than The Threene than The Threene than The Threene that the most reliable standard on National statistics, but it is the most reliable standard on National statistics, but it is the most reliable standard on National statistics, but it is the miy leading daily paper published in New York city, that dignifies such information with the importance it deserves. An analysis of its annual index shows how little space it surrenders to crime, scandal and gossip, and how much it is the representative of the schoolhouse, the pulpit, the platform, and the manufacturing industry of the ountry.—[Retail Grocers' Advocate.

REACTION AT PRINCETON.

THE STUDENTS PAUSE TO REFLECT.

THE PRINCIPAL CHARGE AGAINST THE FACULTY WITHDRAWN-OTHER EXPLANATIONS. 1BY TELEGRAPH TO THE TRIBUNE.] * PRINCETON, March 6.-The excitement among

the undergraduates is little diminished. They appreciate, however, more fully than before the gravity of the posttion assumed and the humiliating result if they ca justify their course. It was ramored this morning that Mr. MacMullin, who had openly accessed Professor Sloane of trying to secure him as a spr, intended to apologize and retract his statement. Little credence was given to the report. This afternoon Professor Sloane lectured to the senior class and occupied a considerable portion of the hour in commenting upon the serious charge against him. He denied that be had asked Mr. MacMullin to do anything dishonorable, and concluded by reading the following letter, which the writer had requested should

be presented to the students:

Last May I had an interview with Professor William W. Sloane which I myself had solicited. In the course of the conversation, I formed the impression that he of fered to try to get me a college room, reat free, if I would report to him irresumarities of the students in rooms near mine. This impression I had fully intended to keep to myself, until an unfortunate train of circumstances made me think it imperative that I should declare it at the mass meeting held here Tuesday last. Since then Professor Sloane met me in the kindest way and showed me in the clearest manner that this impression of had formed was founded on an utter misconstruction of his language and motives. As I made a public assertion of my impression, so I now, of my own free will make a public apolocy for the same, thinking nothing less can repair the mjury I have done Professor Sloane.

C.N. McMCLLIN.

CONSTERNATION AMONG THE STUDENTS. This explanation of one of the strongest indictments spread consternation among the students. It was generally regarded as conclusive proof that esplonage was in vogue here, even if no other evidence could be given; and now that the professor and students have mutually agreed that they mutually misunderstood each other, the latter's case is somewhat shattered.

SOME SOBER SUGGESTIONS FROM DR. M'COSH. Dr. McCosh, who was in the lecture-room, arose when Professor Sleane had finished, and said:

Professor Sloane had finished, and said:

I am sure that the other charges made against the Faculty can be removed with equally convincing proof. We have many witnesses who can testify. I reget that the Freshman class was so small at opening of the year, and we must do everything now to keep the college out of disrepute. Next vacution, if I live, I shall travel thousands of miles, until I have seen every Almmi Association and have removed the misimpressions this trouble was calculated to occasion. I repeat what I soid at the banquet in New-York: "I never have seen during my presidency such a quiet year as this has been. I pronounce the writer of the anonymous circular as an infamous coward, and challenge him to come forward if he is in this room."

ANOTHER POINT CLEARED UP. Dr. Murray sent for some members of the committee representing the students. To them he denied emphatically that he had ever offered any premium for informstion against men in college. He admits, however, that he and used an expression like this in a letter sent to the had used an expression like his in a received sin-father of a student recently expelled: "Undetected sin-is dangerous, and any disclosures would be better for all parties concerned." This sentence, be continued, had perhaps ocen miscoperrued by his correspondent, but he did not intend even to intimate that he wished the son to disclose the names of his former evil companions.

THE INDICTMENT TO BE RECONSIDERED The students still think that they have acted with sufficient deliberation, and are not prepared to withdraw their sanction from the resolution adopted. The committee which was to have sent the resolutions to the trustees have refrained from doing so as yet. An attempt was made to have another mass meeting this evening, but the

NO MEETING OF THE TRUSTEES CALLED. HOW SEVERAL OF THEM WHO LIVE IN NEW-YORK VIEW THE TROUBLE.

Six trustees of Princeton College live in this city. A TRIBUNE reporter called on some of them yesterday to learn if a meeting of the Board had been called to consider the appeal sent to the secretary from the students relative to the trouble in the college. Henry M. Alexander, of No. 120 Broadway, an interview with whom was printed in THE TRIBUSE yesterday, said that no notice of a meeting had reached him. He added: I have been a trustee for twenty years, and no appeal ever came from the students before this one. I think the students should have gone to the Faculty with their crievances. No actions of the Faculty has ever called for an levestigation by the trustees. No notices of a special meeting of the trustees has reached ine.

Sam Henry M. Fingler, of the Standard Oil Company, I know nothing of the trouble except what I have read in The Telefons. The students do not seem to understand the trustees, Our board does not meet till June, although a special meeting may be called if the request for an investigation comes to us from the students.

The troubles at Princeton are not so severe but that
they will right themselves. No meeting of the trustees
has been called, but if I am to consider the matter officially! I prefer to say nothing now. I think I am known as
a friend to the boys as well as a friend to the Faculty. The Rev. Dr. Roberts, of the Presbyterian Home Mission Board, said that the editorial in yesterday's TRIBUNE would do much toward settling the discord among the students. When they saw that their actions were not approved by the public they would stop the ragitations. He added that he thought there was a misunderstanding between the Faculty and students which would soon be

settled amicably. Said one of the trustees who asked that his name should

MISS PARLOA AT COOPER UNION.

A COURSE OF FREE LECTURES BROUGHT TO A CLOSE

-COOKING FOR WORKING PROPLE Miss Maria Parloa last night gave the last of a course of free lectures upon cooking, which she has been giving in Cooper Union Annex Hall on Thursday evenings.
The course has been part of the work of C. W. Sawyer,
whose large Cospel meetings are held at the Cooper Union
on Sunday evenings. Beside these meetings there are Bible classes for men and women on Sunday. On Monday evenings there are meetings for young converts; on Tues day evenings song services, and on Friday evenings temperance meetings, all in Annex Hall. Mr. Sawyer and a number of friends who are helping him believed that their religious work would be materially aided if they could make the homes of the people among whom they labor pleasanter and more healthful. They thought that Miss Parloa could help them do this by teaching the wives and daughters and sisters of those who attend

Miss Parloa could help them do this by teaching the wives and dauchters and sisters of those who attend the meetings how to cook wholesome food in the best and most economical manner; so some of Mr. Sawyer's friends subscribed the necessary money for the course of lectures. The result has been most graiflying. The average attendance at the lectures has been ill women and young girls. They have taken a bearty interest in the work, and have proven by specimens of their cooking that they had profued by the instruction.

Last night Miss Parloa showed 165 women and girls how to cook fish chowder, baked and fried liver, warmed positives and show pudding. Her hearers, especially the younger ones, showed by the intelligent questions which they asked that they were thoroughly in earnest, and meant to learn all that they could. Miss Parloa and in an interesting manner, keeping her hearers' attention constantly by pleasant aneedotes relating to the work, and by good general advice about cooking. The previous lecture was about cooking for the sick, and cases were reported last night which showed that the lecture had aiready bornes good fruit. Miss Parloa had promised to give one of her recipe books to each girl less than sixteen years old who would bring to the hall a loaf of good bread of her own making. About a dozen fine loaves was the result of the promise.

At the close of the lecture all in the hall rose to express their thanks to Miss Parloa and she told hem she had never enjoyed giving a course of lectures so much before, as they had taken such a fively and earnest interest in the work. Mr. Sawyer and the friends who have helped him in the course of lectures hope that their great success will lead others to give similar courses for the wives and daughters of working men.

THE BEV. J. P. COYLE INSTALLED.

In response to letters-missive issued by the First Congregational Church at Morrisania, an Ecclesiastical Council convened in the church on Washington-ave, near One-hundred-and-sixty-fifth-st, yesterday for the purpose of examining the Rev. J. P. Coyle as to his qualifications for the pastorate of the church. The Rev. Dr. L. H. Cobb was chosen moderator and the Rev. R. P. Hibbard scribe. Eleven churches were represented in the council, together with the Rev. Drs. A. H. Clapp, L. H. Cobb, J. B. Clark and the Rev. S. J. M. Merwin. The examination of the Rev. Mr. Coyle was satisfactory to the entire council, and it was unaniwin. The examination of the Rev. Mr. Coyle was satisfactory to the entire council, and it was unanimously voted to proceed with the installation. The sermon was preached by the Rev. Dr. William M. Taylor, of the Broadway Tabenacle. The charge to the pastor was delivered by the Rev. Dr. J. G. Roberts, and the charge to the people by the Rev.

Dr. L. H. Cobb. The Rev. Mr. Coyle is a young man, a graduate of Princeton, and for some time a tutor there. This is his second charge, his former church being in Ludlow, Mass.

ALL-NIGHT CARS TO FLATBUSH.

The Brooklyn City Railroad Company now runs cars all night at intervals varying from half an hour to an hour and a half on five of the principal lines from Pulton Ferry and the Bridge, furnishing accommedation to nearly all parts of the city. Action was taken yesto nearly all parts of the city. Action was taken yesterday to add to the cors now run after 1 a.m., night ears on the Flatbush Avenue Line. This will furnish long-needed accommodation to a part of the city which could not acrotofore be reached after 1 o'clock except by a long walk, and also to the village of Flatbush, which was practically cut off from Brooklyn after the cars stopped. Two bight cars will be run, one leaving Fulton Ferry at 1:52 a.m., and the other at 3:07 a.m. These cars will be put on before May I. The Prooklyn Board of Aldermen recently adopted a resolution asking the company to run alraight cars, at half-hour intervals, on Firshush-ave, but it is thought the two cars to be put on will meet the popular demand. This action is another illustration of the desire of the Brooklyn City Company to meet the wants of the people. Since William H. Hazzard became the president of the company, about two years are, the number of daily car trips has been increased by about 200. In the buspet ing and evening hour three cars leave Fulton Ferry erning and evening hours three cars leave Fulton Ferr

MEETING OF THE ST. NICHOLAS SOCIETY. The St. Nicholas Society held its quarterly

business meeting last evening at Delmonloo's. Nathaniel P. Bailey presided. The arrangements for the country Paus dinner on Easter Monday were discussed. Mr. Nor wood gave notice that he should offer an amendment to the constitution at the next meeting probibiting the further admission of life members as it tended to decrease the annual income of the society. The secretary called attention to the fact that next year would be the sent-ceptennial of the society, and arrangements for its proper celebration were referred to a committee.
